

Neri B.-S., 26, an officer in the paratroopers unit of the reserve force was severely wounded on August 10, 2006. He suffered from brain damage, brain hematoma, a fracture in eye socket and torn nerve in the left leg. Was paralyzed on his right side for four months and was confined to a wheel chair.

---

*Hello my name is Neri B.-S. I got injured during the last war while I was serving as a second lieutenant on a reserve combat company.*

*I got injured by a missile 3 days before the war ended, I was suffering from sharp-nails in my leg and in my head making me paralyzed for about 4 months. When the time past and the rehabilitation continue with good progress I began getting back to normal.*

*Today I'm studying at the IDC at Hertzelia business-management and I leave by my own in TLV. I want to pronounce my appreciation and my deep feelings of thanks, it's warming my heart to know that there are good people like you who contribute for this important cause. Your donation is helping me a lot.*

*I would love to stay in touch with you.*
