*От всей души благодарим вас за помощь, солидарность и сочувствие. Греет сердце сознание того, что люди на другом конце земного шара знают о нас и заботятся о нас.*

*Еще раз, большое спасибо за помощь.*

*We would like to thank you with all our hearts for your help, solidarity and care. We feel a lot better knowing that there are people half way around the earth who know about us and take care.  
Once again, thank you very much for your help!*
